Legal Cannabis Flowers 2020

CBWEED GROWERS DEPARTMENT

Born in 2018, Cbweed's Growers Department is one of the branches of the company that proudly works on the production of our beloved Legal Cannabis flowers. The Department focuses on the research and development of new strains for Cbweed's catalogue. In this catalogue you'll see the fruit of our hard work: not always the same strains you can easily find on the market, but new and special strain personally curated by our dedicated growers.
